from Defibtech

DEFIBTECH LIFELINE VIEW®

The first AED with a full-motion color video display that shows step-by-step videos for performing CPR, rescue breathing, and external defibrillation. Users simply follow the detailed voice prompts and automated instructions.

Defibtech Lifeline AEDs offer industry-leading innovation, simplicity, and elegance. They are so easy to use, virtually anyone can be a lifesaver.

Defibtech Lifeline AEDs

- ✓ Lifeline was the most successfully used AED in a study of minimally trained users
- ✓ Easy maintenance
- ✓ Award-winning ergonomic design
- ✓ Spray and water resistant (rated IP55)
- ✓ Built to U.S. Military specifications for use in hostile environments

In the event of a cardiac arrest in your workplace, defibrillation using an automated external defibrillator (AED) within three minutes can increase survival rates from less than 8 percent to more than 70 percent.¹
