

Defibtech Lifeline AEDs

- ✓ Unprecedented ease-of-use.
- ✓ Robust and durable.
- ✓ Easy maintenance.

WHEN SECONDS COUNT, REACH FOR A LIFELINE

DEFIBTECH: THE PREFERRED AED FOR PUBLIC TRANSPORTATION

With millions of people using Public Transportation every day, healthcare emergencies are inevitable - including Sudden Cardiac Arrest (SCA). Having an AED (Automated External Defibrillator) handy on trains, buses, subways, and in stations/depots, can mean the difference between life and death for passengers and employees. Defibtech's Lifeline AEDs are compact, rugged, and carefully designed to be simple to use, so that any passenger or transit employee can potentially save a life.

- ✓ One-Stop Shopping & Fast Delivery

Lifeline VIEW AED

- **Full Motion Video Guidance:** The Lifeline VIEW features a full-color video display that provides step-by-step instructions for both pad placement and CPR, ensuring anyone can use the device. Videos reinforce the voice instructions and aid comprehension in loud transit hubs and vehicles.
- **Space-Efficient:** Compact design allows it to fit easily on trains, buses and subways.
- **Simplified Maintenance:** A status screen shows up-to-the minute information on maintenance if it's required. Proactive reporting monitors the status of the device and its components, providing confidence that the AED is rescue-ready.

Lifeline AED

- **Effective and Easy to Use:** Technologically advanced enough to include all mission critical features necessary to provide the most advanced treatment for Sudden Cardiac Arrest. Yet so simple and unintimidating to use that even non-medical personnel can effectively save lives.
- **Voice & Text Commands:** A calm voice guides the responder step by step while a text display with lights shows the progress.
- **Highly Visible:** With its bright yellow and black coloring and attractive, sleek curves, the non-intimidating Lifeline AED invites prominent display anywhere.
- **Durable and Ready:** Designed for the demands of public transportation, our AEDs are robust and reliable, ready for use in any situation.

Choose Defibtech, where advanced technology meets ease-of-use, and simple upkeep for your fleet. Every second counts during an SCA emergency, equip your patrons and personnel with the power to help save a life.
